WHO IS CORAL?

Established in 2000, We are a non-profit volunteer group that facilitates networking for the Central Illinois LGBTQIA+ communities, all other sexual and gender minorities, their families, friends, and the interest groups that support them. Our mission is to build an inclusive community that provides visibility and advocacy for queer people. Our annual spring fundraiser, The Ritz, brings our community together in celebration while helping us continue building connection, visibility, and belonging throughout Central Illinois.
